HAYWOOD ST

2020 ANNUAL SUMMARY
HOLY CHAOS/HOLY GROUND

The invitation of 2020 has been to not only celebrate Holy Chaos, but also to more fully embrace Holy Ground. We carried our faith, our food and our fellowship to the outdoor spaces of campus this year. We are reminded that church is not a building, the Spirit finds a way, and Holy Ground is what's beneath our every step.

We formalized the tenets of Holy Chaos & Holy Ground with new onsite signage this year.

In **HOLY CHAOS**, we:
- Cling to relationships over rules.
- Defy the stereotypes that separate.
- Embrace the disorderly work of ministry.

On **HOLY GROUND**, we:
- Treat our campus like an altar.
- Come here to worship & hustle elsewhere.
- Assume God is ablaze in all of us.

WELCOME to Haywood Street, the church of holy chaos & holy ground.

If you are here, then you are a beloved congregant of this church. Thank you for your presence and participation in what God is doing at Haywood Street.
